## LES MISERABLES AT YE LIBERTY WEDNESDAY NIGHT

Honolulu lovers of the best the world produces in acting should not miss the opportunity to witness the best that France has to offer. Henri Krauss, leading man at the Sarah Bernhardt theater, supported by such world-famous artists as Etlevant, Mlle. Ventura, Mlle. Promet and seven other equally brilliant stars from the French capital, will appear in the Photoplay, "Les Miserables" at Ye Liberty theater for one week, commencing with next Wednesday's matinee.

There will be but one performance each evening during the engagement.

of "Les Miserables," for the reason that there are nine reels of film in the production, taking two and one-half hours to run. The Performance will commence at 8 o'clock sharp each evening and there will be special ladies' and children's matinees each Wednesday and Saturday.

Those who have witnessed this film,

## JUVENILE BOSTONIANS OPEN AT BIJOU TONIGHT WITH PRESENTATION OF "THE DREAM GIRL"

Scene from the "Dream Girl," which is the opening bill of the Juvenile Bostonians, appearing at The Bijou in their initial program this evening.

Twenty-two gay, talented little girls, all of them still in their teens, will make their bow to Honolulu theatergoers at the Bijou tonight in the very clever musical comedy, "The Dream Girl."

The Juvenile Bostonians, for such is their name, are not strangers here, a fact attested by the welcome already given them by their many friends in the city. Two years ago they sang and danced and charmed Honolulu audiences in their brilliant season here, and now they have returned to do the same again.

It is to be a gala engagement, with including the severest critics in the motion picture fields, are unanimous in their praise of its wonderful merits. It is agreed that the unabridged dramatization of Victor Hugo's great novel is an improvement on the book, for the reason that it can be covered in films—in an evening, whereas the reading of the book is a tedious matter, consuming great quantities of "midnight oil." With the films there is never a slow moment, yet every act is deliberate and carries with it the spirit of the play.

The machine operators have acquired such proficiency in handling the different reels that there is but a few seconds stop between each of the nine reels.

Tonight and tomorrow night that masterpiece from the pen of Jack London, "The Sea Wolf," will be shown. This film has proved the most popular ever brought to Honolulu and has consistently drawn capacity houses.

one bright opera comique after another, all of them crowded with tuneful songs and the cleverest kind of humor. "The Dream Girl" has been selected to open with, as it achieved such tremendous success here two years ago, a success it also enjoys wherever the clever little people toured on the continent. With new scenes, new costumes, new "comedy," it promises to be a greater triumph of its kind than ever.

A few new faces will be seen among the juveniles when the curtain rings up Monday night, but every one of the popular leading players has been

brought back, including winsome Thom Hellen, prima donna, and Misses "Billy" O'Neill, Ina Mitchell, "Bee" Myling, Halcyon Clark, "Patsy" Henry and "Stubby" Myling.

The fact that Miss Hellen has returned at the head of the cast is a most gratifying surprise for it was announced several months ago that her success with the juveniles had won her a very attractive offer to sing the principal role in a new musical production to be presented in New York this season, and of course it was taken for granted that she would accept.

tary will hold office for three years, instead of one year as has been the custom in the past.

### WORLD TIME UNIFIED.

[By Latest Mail]

WASHINGTON—The action of the senate in ratifying the convention providing for the organization of an international time association created considerable interest in scientific circles here today. Belief was expressed that this step would give impetus to the movement to secure unification of time throughout the world. Twenty-four other countries had subscribed to the convention and are expected to follow the lead of the United States in ratifying the instrument. The object of the association is the unification of time by the use of wireless telegraphy or other signals, whether they be of extreme precision or ordinary signals.

The countries in addition to the United States which subscribe to the

### KAPIOLANI PARK WILL BE CITY'S PLAYGROUND

Pertram G. Rivenburgh, superintendent of Kapiolani park, was present at the meeting of the Promotion Committee Friday afternoon and outlined to the members of that organization the progress which is being made to convert the large tract at Waikiki into a real public park, including golf links and a playground for the city's children, suggestions along this line having been advanced at the meeting of the promotionists last week. Mr. Rivenburgh stated that already two tennis courts are being laid out, the golf links to follow as soon as the exact course is determined. A baseball field also is being constructed, and an aviary and monkey house are proposed.

Upon a motion which was unanimously adopted, L. P. Wood was re-elected secretary of the Promotion Committee. From now on the secre-

## BIG OFFERING AT THE EMPIRE THIS EVENING

To be presented with more than usual beauty and outdoor splendor and of the height of modern photographic art, the initial big feature film to be offered with the new departure at the Empire theater beginning with Wednesday afternoon matinee and evening performance in Jules Mary's great masterpiece in six parts, possesses a charm mainly because of its distinctly human element. A quality has been interwoven into this production in the most delightful manner by the author. Enacted by clever artists, the story, strongly staged, entitled, "A Man's Shadow," is an attraction that will prove a strong drawing card for the Empire. In following out a new policy by the management, photoplays of six or more reels each will be offered at this house in addition to a well-balanced bill of single reel pictures embracing first run dramas, western, cowboy, Indian and comedy films.

This afternoon and evening, "In Morland," setting forth the wonderful country in the southern Philippines will be shown. "His better Half" is a clean and well presented drama. A stirring western picture is entitled, "A Tenderfoot's Luck." Particularly realistic is the drama, "By Mutual Understanding." This picture has achieved much fame on the coast where it has just had a successful run. The program will close with "Climax," embracing thoughtful acting and smooth running scenic effect.
